CHAMBER OF
COMMERCE IS
PROSPEROUS

Report of Auditor Con-
tains Figures Of In-
terest to Members

Following is a verbatim copy of
a communication to the directors of
the chamber of commerce from John
F. Cuffey, public accountant and
auditor, who was requested by the
former to examine the accounts of
the chamber and render a statement
of the organization's finances:

Torrance, Calif., Jan. 8, 1923.
To the Directors Chamber of Com-
merce, Torrance.

"Gentlemen: As requested I have
now carried out the examination of
the proceedings of the chamber
from the date of my last report,
November 30, 1922, to the end of
the year.

I attach hereto:
Balance Sheet as at Dec. 31, 1922.
Income and Expenditure Account
for the year 1922.

Schedule of Accounts Receivable
at December 31, 1922.
Schedule of Accounts Payable at
December 31, 1922.

On reference to the Income and
Expenditure Account it will be seen
that the net operations of the cham-
ber results in an excess of income
over expenditures applicable to 1922
of \$3,456.74. The cash received for
Budget and members dues and the
amount unpaid, is \$9,654.00. The
general expenditure was \$4,950.47,
leaving \$4,673.53.

From the above amount of \$4,673.53
has been deducted:
25% deprec. off furniture...\$148.79
Reserve for bad debts... 500.00
W.R. picture film... 106.00
This expense will be spread over
a period of five years.

Written off organization exp...\$500
This will also be divided over a
five-year period.

The net result being a balance of
income over expenditures of \$3,456.74,
as shown on the account. It must
be borne in mind, however, that this
amount is not in the bank, because
only a part of the organization and
picture expense is charged in 1922, and
also all the accounts receivable are
still outstanding, amounting to \$1,775.50. I am informed that it is
expected at least \$500 of this
amount is uncollectible, and this
has been charged against income
in arriving at the figure \$3,456.74.

The cash shown as at bank was
reconciled with the cash balance
called for by the Cash Book. All
cancelled checks being scrutinized
and bank deposits verified.

The inventory of stationery was
estimated by your secretary at \$75.
Accounts payable, \$210.19, are, I
understand, all that is due and have
been passed by your board for pay-
ment.

Note payable, \$661.53. This is a
note due on January 7th, 1923, and
is payable to the fee due Messrs. Stepl.
& Co., the organizers.

Submitting the above, I am, gen-
tlemen, yours truly,

JNO. W. CUFFEY.

INCOME AND EXPENDITURE
ACCOUNT

TORRANCE SCHOOL NOTES

Miss Etta P. Flagg, supervisor
of home economics, spent Wednes-
day forenoon at the school, super-
vising the work of the home econ-
omics department. She is also giv-
ing a great deal of valuable assist-
ance in planning the new building.
As soon as the new plant is occu-
pied, a large cafeteria for the serv-
ing of lunches must be provided.
Miss Flagg has had a great deal
of experience, and is very glad to
assist in every way in making this
undertaking a great success. Expe-
rience in the other parts of Los
Angeles shows that the school can
furnish hot lunches to the children
so cheaply that they are getting
almost unanimous support. The
teachers find that the children eat-
ing hot lunches do a great deal
better work in the afternoon than
those who bring cold lunches from
home. The present congested con-
dition of the school building makes
it impossible to meet the demand at
present.

Miss Jasmine Britton, supervisor
of libraries, visited the Torrance
school yesterday.

—\$1 Day, Sat. Jan. 13—

KEYSTONE NOTES

Miss Viola Sapp, daughter of Mr.
and Mrs. G. H. Sapp, and Mr. Carl
Doldorff of Los Angeles were mar-
ried at Santa Ana December 30. Mr.
Doldorff is master mechanic of a
large garage in the city. They will
make their home in Los Angeles.

The regular chamber of commerce
meeting Saturday night was one of
big caliber. A large attendance was
noted. The president and secretary
of the Torrance chamber were pres-
ent. Both gave us a good talk on
cooperation, and organization, and
were well pleased with the evidence
of both in our chamber. The mem-
bership committee reported seven
new members, among them being
Charles Elman and Hardware Reeve
of Torrance. Mr. Elman's family
were present. His daughter gave
us some extra good entertainment,
which was greatly appreciated.

Keystone was well represented
last Tuesday and Wednesday eve-
ning at the M. W. A. show at the
Torrance Auditorium. Over one
hundred tickets were sold in ad-
vance in this community and sev-
eral went who bought tickets at the
door. We can justly feel proud of
the turnout we make when any-
thing good comes along.

Do not forget that we visit the
Torrance Glass factory on Monday
evening, January 15. Everybody
from Keystone should be in the
party. You will miss a rare treat if
you miss this.

The ladies served a very fine
lunch to the concrete mixers Sunday
noon, and most of them were ready
to eat when the time came. Mr.
Stevens was confident that he would
not have to be rocked to sleep.

—\$1 Day, Sat. Jan. 13—

YOUNG PEOPLE'S SOCIETY

The young people of the Central
Evangelical church met in the Sun-
day school room of the church Mon-
day night, January 8, for their reg-
ular business meeting and social.

By unanimous vote the Society of
Young People's Alliance was abol-
ished, and under the able guidance
of their pastor, Rev. Zeller, the
society was reorganized into the
Young People's Society of Chris-
tian Endeavor.

A new constitution will be adopt-
ed to conform with the State So-
ciety of Christian Endeavor. The
following new officers were elected:
President, Mrs. Chas. Stock; vice-
president, Mr. Bowen; secretary,
Miss Kathleen Burmaster; corre-
sponding secretary, Mrs. Laven;
treasurer, Mrs. Joe Perry.

The Christian Endeavor will meet
at the church on next Sunday at
6:40 p. m. The topic is, "Why Do
You Think the Bible is the Word
of God?" 2 Tim. 3:14-17. All are
cordially invited to attend. Mrs.
Stock will lead the meeting.

—\$1 Day, Sat. Jan. 13—

Mrs. Harry Bale of Torrance Park
was a Sunday dinner guest of Mr.
and Mrs. Farley Johnson of Cab-
rillo avenue.

Mrs. Elizabeth Sherer and daugh-
ter Leonora arrived today from
Seattle, Wash., to be with Mrs.
Sherer's son, Gordon Sherer, who
will go to the hospital the first of
the week for an operation.

TORRANCE P.-T. A. NOTES

Torrance P.-T. A. met Wednesday
January 10, in the study room at
the school. Owing to the program
being given by the pupils the busi-
ness session was postponed until af-
ter the program had been given.

The first part of the program was
given on the lawn, and the first
number was a parade, in which all
the grades having afternoon sessions
participated.

The high school, elementary and
primary grades formed separate di-
visions.

Judges were appointed to pick the
class in each division who were en-
titled to special mention in this
posture parade: Class of 1926 in the
first division, seventh grade in the
second division, the fourth grade in
the primary, and the kindergarten.

The parade was followed by a
drill by the girls of the seventh
grade, which was well executed.
The boys of the sixth grade gave
a physical drill preceded by a talk
on correct posture, by Harwood
Clark. This concluded the program
on the lawn.

In the study room the program
opened with the Flag salute, fol-
lowed by a selection by the kind-
ergarten band. The little folks
then sang three songs, "The Little
Bird," "Hi, Diddle, Diddle, the Cat
and the Fiddle," and "Humpty
Dumpty," after which they recited
"Three Little Kittens," "Two Lit-
tle Birds," and "Once There Was
a Little Robin." These little peo-
ple well deserved all the applause
they received.

Miss Brightholle of the high
school gave a short talk on correct
posture, followed by a drill by a
class of high school girls. This
concluded the program. A young
man from the high school was to
have given a little talk, but he had
disappeared when the time came.

The minutes of the last meeting
were read and approved. The treas-
urer gave her report, showing a bal-
ance of \$54.21 in the treasury.

Communications were read from
the following persons: Kate Brew
Vaughn of the Los Angeles Express
home economics section, in regard
to the cake contest to be held Jan-
uary 19, at the Express auditorium.
There are a number of fine prizes
offered in this contest. These cakes,
white layer cake, nagel food cake,
devil's food cake, and snowdrift
white loaf cake, are to be baked by
a standard recipe which may be ob-
tained from Mrs. F. H. Clarke.
They were also published in the
Christmas Edition of the Torrance
Herald, issued December 22, and
can be had by applying direct to
Mrs. Vaughn. The P.-T. A. making
the best representation in number
of cakes will receive a grand prize
of \$50. If there is anyone who
wishes to enter this contest they
may hand their names to Mrs. Stone
or Mrs. Stock, who have volunteered
to call for the cakes and deliver
them in Los Angeles on the morn-
ing of the contest. The cake will
be auctioned off for the benefit of
Los Angeles Federation Parent-
Teachers' association milk fund for
under-nourished children.

From Thomas Mayo, who wished
to address the P.-T. A.

From the state supervisor for
home economics of California in re-
gard to the scarcity of teachers of
home economics. For those women
between the ages of 21 and 25 who
have successfully managed a home
for two years, and meeting all the
other requirements, a credit of two
years will be given on a four-year
course.

A motion was made and carried
that the matter of the purchase of
a Victrola for use in the schools
be laid on the table until it was
seen what the board of education
intends doing.

As some mothers have made in-
quiry in regard to the Los Angeles
school clinic Mrs. Clark stated that
it is held at 936 Yale street, and
there are doctors of all schools in
attendance.

In the report on the membership
drive Mrs. Fitzhugh, Team No. 2,
won the luncheon with nineteen
new members. The standing of the
other teams was: No. 1, Mrs. Marsh,
6; No. 3, Mrs. Hansen, 9; No. 9,
Mrs. Miller, 16.

It was voted to charge \$5.00,
payable in advance, a night for use
of the picture machine. The party
using the machine to pay the oper-
ator.

A communication was read from
the secretary of the Boy Scout com-
mission of Torrance in regard to
subscribing \$5.00 a month toward
the support of the Boy Scout move-
ment. After some discussion of the
matter it was voted to guarantee
\$50 to the Boy Scouts, to be raised
by an entertainment. The Boy
Scouts are to assist in the sale of
tickets. In the voting for the fern
Mrs. Russell's room again won the
ferm for having the largest number
of mothers present at the P.-T. A.

Mrs. Russell will keep the fern
for the next two months, as the
children of the room having the
most mothers present at the next
P.-T. A. meeting will be served with
a luncheon in the school room on a
date to be arranged by the teacher.
There were, approximately, 200
hundred ladies present at this meet-
ing, the largest attendance the P.-T.
A. has ever had.

TORRANCE HERALD

Keystone To Have
Community Hall

The Keystone chamber of com-
merce has grown so rapidly the
past few months that it is like a
fast-growing boy—last year's suit
won't do this year. The chamber
of commerce has been meeting at
Mr. Sleppy's house for the past nine
months, and sometimes as many
as one hundred and fifteen people
being present. Although a trifle
crowded, they got by.

Looking to the future of this
fast-growing community, they could
see the need of a hall where every-
body could go and feel welcome and
interested in the care and upkeep
of such a place. The chamber of
commerce directors worked hard
and long on the building question.
"How to Finance It, and Where To
Put It." After several offers were
made for lots, one was accepted
from Peter Deseran, the third lot
north of his store, 50x170. Plans
were drawn up and torn up and re-
drawn until a plan was submitted
and accepted by the building com-
mittee as the one wanted.

This plan calls for building 36x68
with rest rooms, kitchen, stage and
children's room, leaving a meeting
hall of 36x42. The building will
be frame, with a stucco front. The
ceiling will be fifteen feet high,
there will be a stage eighteen feet
wide and ten feet deep. The hall
will be plastered inside and finished
throughout.

The foundation was put in last
Sunday and the lumber will be put
on the ground this next week.

This hall is financed by the local
people, and will be for the use of
the community for all public gath-
erings.

Residents of Keystone are to be
complimented for their farighted-
ness, and the spirit of get-together
is worthy of commendation. Provid-
ing suitable quarters for their
community meetings will prove one
of the strongest forces to cement to-
gether the working forces of Key-
stone.

Railroads and Ship
Lines See Big Busi-
ness for Year 1923

Travel to Los Angeles and South-
ern California during 1923 will
smash all records, according to the
predictions of traffic experts.

Both tourists and settlers will
come to California in increasing
numbers if the prophecies are real-
ized.

Factors in the situation are the
prosperity of the nation as a whole;
improvement in agricultural and fi-
nancial conditions in the Northwest;
the return of Canadian money to a
normal exchange basis; the abolish-
ment of the 8 per cent tax on
tickets, and the introduction of
summer rates.

Big advertising campaigns under-
taken by railroad and steamship
lines to stimulate travel to Califor-
nia also will play a part in starting
thousands westward, it was stated

—\$1 Day, Sat. Jan. 13—

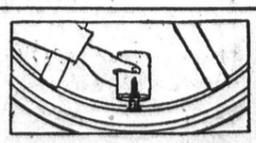

REBEKAHS HOLD INITIATION

The Trio Rebekah Lodge No. 240
held initiation Wednesday evening,
when thirteen new members were
accepted into the order. A very
acceptable program was enjoyed,
which was followed by refresh-
ments.

Tar spots on the car body may be
washed off with soapuds containing
a bit of kerosene oil.

When you take off a tire from the
rim, notice whether the rim is rusted.
If rust is present, scrape it off, paint
with special rim paint and dry out be-
fore replacing the tire.

Test Tire Valve

An easy way to test whether a tire
valve leaks is to turn the wheel so
that the valve stem is at its highest
point. Remove the dust cap and hold
a glass of water so that the mouth of
the stem is submerged. If bubbles
come up the valve is defective.

AUTOMOBILE
MAINTENANCE

Tighten all bolts and nuts.

Keep off street car tracks to save
tires.

Oil between braking surfaces causes
the brakes to slip.

Lost motion in the steering gear
should be taken up.

If the carburetor is incorrectly ad-
justed much gasoline will be wasted.

When oiling the car, spring bushings
are next in importance to the engine.
